Together We Can Conference!

Making a difference for abused and neglected children.

Families First: Justice, Equity, Inclusion, Fairness and Safety

We would like to welcome you to the 19th Annual TWC Conference. There is a superb group of presenters gathered at the conference. We are very excited to have them share their expertise and experience with all of you. The theme for our conference this year is “**Families First: Justice, Equity, Inclusion, Fairness and Safety.**” It is our plan that as you attend the various sessions this year—that you will see the common threads of safety, permanence and well-being as the goal for all children. The steering committee begins working on each conference in January and meets regularly to create the schedule.

We will have our 2022 RFP open by December 1st. We welcome your suggestions for potential topics and speakers—please note your session requests on your evaluation forms. We want to hear the good things that you really liked and the areas that we can improve.

What is Together We Can?

Together We Can is an annual multi-disciplinary conference that focuses on children who have experienced abuse or neglect. The children may be in foster care, residential care, kinship care or have been reunited with their birth family. We provide many educational opportunities for professionals featuring both national and local experts. The TWC conference is geared toward social workers, attorneys, judges and court staff, CASA volunteers and staff, children's advocacy centers, law enforcement, educators and child welfare stakeholders—all working to make a difference in the lives of Louisiana's abused and neglected children.

The Together We Can conference offers in-depth learning opportunities which address policy and practice concerns. There will be keynote addresses focused on the latest trends and institute sessions allowing more intensive attention to the selected topics.

There are several organizations which have chosen to collaborate to create this annual event. In 2002 it was determined that there were several similar events being held with similar speakers and often the same audiences. Their efforts and funds were pooled to create the larger single event which now averages 700 or more people attending.

REGISTER

Like everything this year, the conference registration is taking place online.

Please visit <https://bit.ly/TWC-21> to sign up. (Please note the URL is case sensitive.)

We are not doing early or late registration this year. The full 3-day conference will be a flat \$95.00 registration fee.

Once you register, you will receive an email confirmation with additional information on the conference schedule as well as instructions on how to navigate the platform. Because all of the sessions are online this year, you will not be pre-registering for any of the sessions you want to attend. Instead, you will be able to add sessions to your agenda within the conference platform or app.
